### **About Pacific Ridge**

Our goal is to become one of the leading copper-gold exploration companies in British Columbia. Pacific Ridge's flagship project is the advanced-stage Kliyul copper-gold project, located in the Quesnel Trough, British Columbia, approximately 50 km southeast of Centerra Gold's Kemess project. Historic drilling at Kliyul encountered significant copper-gold porphyry mineralization, drill hole KLI-15-34 returned 245 metres of 0.75% CuEQ<sub>1</sub> (see Pacific Ridge press release dated December 2, 2020). The Company plans to launch a drill program at Kliyul next month.
